Michotte Y, Deleu D & Ebinger G. The use of GC-MS for the determination of dopamine metabolites in human brain. Vth International Symposium on Mass Spectrometry in Life Sciences, Ghent, May 1984.

Ebinger G, Deleu D & Michotte Y. Distribution of DOPAC and HVA in human brain using capillary GC and GC-MS. Dopamine '84: Dopamine systems and their regulation. Satellite Symposium of the IUPHAR XIth International Congress of Pharmacology, Southampton, September 1984.

Ebinger G, Michotte Y, Deleu D & Herregodts P. Regional distribution of dopamine catabolites in post-mortem obtained brain. Belgian Society of Neurology, Brussels, October 1984.

Ronge R, Deleu D & Schandevijl W. The necessity of invasive diagnostic procedures in compromised hosts with pulmonary infections. Symposium on Pulmonary Infections, Antwerp, November 1984.

Deleu D, Michotte A, Solheid C & Ebinger G. Fever of unknown origin as a presenting sign of African AIDS in white people. International Symposium on African AIDS, Brussels, November 1985.

Deleu D, Solheid C & Ebinger G. One-and-a-half syndrome. Anatomoclinical study. Belgian Society of Neurology, Brussels, December 1986.

Deleu D, Ebinger G & Michotte Y. Erratic absorption of levodopa in Parkinsonian patients with fluctuating motor state. IIIth European Congress of Biopharmaceutics and Pharmacokinetics, Freiburg, April 1987.

Deleu D. Parkinson's Disease: State of the Art Lecture. Parkinson Association Antwerp, Brasschaat, June 1987.

Deleu D, Michotte Y & Ebinger G. 3-O-methyldopa and motor fluctuations in Parkinsonian patients. International Symposium on Parkinsonism and Aging, Milan, November 1987.

Deleu D, Ebinger G & Michotte Y. Plasma levodopa monitoring in the management of response fluctuations in Parkinson's disease. Belgian Society of Neurology, Brussels, February 1988.

Deleu D & Ebinger G. Controlled-release levodopa/carbidopa (CR-4) in the long-term treatment of Parkinsonian patients with motor fluctuations. VIth European Meeting on Clinical Neuropharmacology, Brussels, May 1988.

Bruyland M, Goossens A, Spapen H, Deleu D, Buydens P & Dierckx R. Skeletal muscle involvement in Whipple's disease. Belgian Society of Neuropathology, Brussels, June 1988.

Deleu D. Management of Parkinson's disease. Sandoz Lectures, Strombeek-Bever, June 1988.

Deleu D, De Geeter F, Cocquyt V, Goossens A & Ebinger G. Pachymeningeal metastasis from laryngeal malignant carcinoid. XIXth International Congress of Internal Medicine, Brussels, August 1988.

De Geeter F, Deleu D, Bossuyt A & Jonckheer M. Scintigraphic study of a carcinoid meningeal metastasis. Belgian Society of Nuclear Medicine, Brussels, November 1988.

Deleu D. Tremor and Parkinsonism. Postgraduate Course in Clinical Neurology for General Practitioners, Brussels, February 1989.

von Kemp K, Herregodts P, Duynslaeger L, Deleu D, Bruyland M & Cham B. Muscular fibrosis due to chronic intramuscular administration of narcotic analgesics. Xth European Conference of Internal Medicine, Brussels, May 1989.

Deleu D, Jacques M, Michotte Y & Ebinger G. Controlled-release levodopa/carbidopa (CR-4) in parkinsonian patients with severe response fluctuations: clinical and pharmacokinetic data. IVth World Conference on Clinical Pharmacology & Therapeutics, Mannheim-Heidelberg, July 1989.

Deleu D. Evaluation scales for Parkinson's disease. Scientific Lecture Asta Medica, Brussels, October 1989.

Deleu D. Parkinson's disease; symptomatology, diagnosis and treatment. Sandoz Lectures, Moortsel, October 1989.

Deleu D. Management of Parkinson's disease in general practice: involuntary movements and tremor. Sandoz Symposium, Leuven, November 1989.

Sarre S, Deleu D, Herregodts P, Michotte Y & Ebinger G. The use of microdialysis and HPLC with electrochemical detection to study the pharmacokinetics and metabolism of levodopa. Belgian Society for Pharmaceutical Science, De Haan, March 1990.

Deleu D & Ebinger G. Plasma levodopa monitoring in Parkinson's disease: a practical approach. Flemish Neurological Society, Alden-Biesen, March 1990.

Deleu D, Defever I, Michotte Y & Ebinger G. Continuous intravenous monitoring of levodopa and its major metabolite, 3-O-methyldopa, using microdialysis and HPLC with electrochemical detection. IVth European Congress of Biopharmaceutics and Pharmacokinetics, Genève, April 1990.

Deleu D. Parkinson's disease: new insights? Belgian Parkinson Association, Ottignies, May 1990.

Deleu D & Ebinger G. Vertical one-and-a-half syndrome: clinical, oculographic and radiologic findings. Advanced course on Eye Movement Disorders, Joint Meeting of the Belgian Neurological and Ophthalmological Societies, Bruges, June 1990.

Deleu D, Defever I, Michotte Y & Ebinger G. Intravenous and subcutaneous dialysis monitoring of levodopa and 3-O-methyldopa during constant-rate intravenous infusion of levodopa. XIth International Congress of Pharmacology, Amsterdam, July 1990.

Deleu D, Sarre S, Michotte Y & Ebinger G. The fate of levodopa in muscle: a microdialysis study. 1991 Symposium Microdialysis and Allied Analytical Techniques, Indianapolis, May 1991.

Sarre S, Herregodts P, Devrieze A, Deleu D, De Klippel N, Ebinger G & Michotte Y. Substantia nigra: site of action of l-dopa?: a microdialysis study. 1991 Symposium Microdialysis and Allied Analytical Techniques, Indianapolis, May 1991.

Sarre S, Herregodts P, Deleu D, De Klippel N, Ebinger G & Michotte Y. Microdialysis coupled to HPLC with electrochemical detection for simultaneous in vivo monitoring of levodopa, dopamine and metabolites in rat brain. XVth International Symposium on Column Liquid Chromatography (HPLC '91), Basle, June 1991.
